

Lab03 – Grading Rubric

	File submitted in right format	Code runs without errors	All Tasks completed and tested	Total score
Lab report	20			20
P1	5	5	5	15
P2	5	5	5	15
P3	5	5	5	15
P4	5	5	5	15
P5	5	5	5	20
P6 (bonus)		5	5	10
				110

Note:

1. **Comments will be given.** TAs should probably write it on the blackboard in “Feedback to Learner” when grading. This tells students what they need to be careful about or where you took points on.
2. **Partial credit will be given if there is an error.** TAs will not take away full credit because of one mistake.
